CompDev Trained						Safe Sport		Safe Sport		Safe Sport	Transferred	
CompDev Certified						Safe Sport		Safe Sport		Safe Sport	Transferred	Safe Sport

Baseball Canada has recently updated content and pathways for NCCP coaches. Coaches that have achieved status(es) in the former NCCP program will have that status carried forward to the current NCCP program. Your new designation will be identified as “Transferred” in the current system, in Baseball Canada’s database, as well as the Locker. This transfer plan represents the highest level of training and/or certification that coaches will receive in the new system. Coaches are eligible to coach at any level below their transferred status, with the exception of Rally Cap. All coaches intending to coach in this context must take the Rally Cap training.

\* The My First Pitch eLearning module is offered at \$14.95 on [nccp.baseball.ca](http://nccp.baseball.ca). Because you have achieved this status in the previous NCCP, you can receive a code for a free access to this e-Learning.

P&C: ComplIntro Pitching & Catching / MFP: My First Pitch

Meets requirements to coach

Requires minimal number of clinics to meet requirements to coach

Requires multiple clinics to meet requirements to coach
